- Before making adjustments to stroller ensure that pet's body is clear of any moving parts.
- This stroller is designed for one pet only.
- Do not hang bags from handles as this may cause the product to become unstable.
- Do not use on escalator or stairs; fold stroller and carry.
- Put on brake whenever you park the stroller.
- Ensure stroller is completely erected and check that all locks are engaged before placing pet in stroller.
- Do not overload as stroller may become unstable; maximum weight of pet using this stroller should not exceed 20 lbs.
- Any goods carried in the basket not to exceed 6 lbs.
- Do not use near an open or exposed flame.

WHEEL MAINTENANCE

- To clean and lubricate front and rear wheels, push out locking lever under wheel housing to release rear wheel.
- To ensure ease of maneuverability and to minimize wear and tear, keep all moving parts clean and lubricated with WD40® or light machine oil.
- Push wheel sets back on until they click and lock in position; pull on wheel housings to ensure they are secure.
- Push stroller back and forth and rotate swivels around to work in lubricant.
- Clean the rear wheel assembly and the rest of the frame with warm, soapy water; clean off with warm water and dry thoroughly.

NOTE: Do not lubricate brake components.
